City Council Consideration of Golf Complex Operational Review

Delayed Until January 2

The December 18, 2007, City Council agenda includes consideration of the National Golf Foundation's Operational Review of the Chuck Corica Golf Complex and a recommendation to authorize staff to begin the process to secure a long-term operator for the golf complex. That item has been continued to January 2 due to the illness of the National Golf Foundation (NGF) consultants who prepared the report and were going to present their findings to the City Council and the public.

Since it is important for the NGF consultants to appear in person to present their report and answer any City Council questions, the item is being rescheduled to Wednesday, January 2, at 7:30 p.m. in the City Council Chambers, 2263 Santa Clara Street.

The NGF report is available for review on the City's website at <http://www.ci.alameda.ca.us/news/archive.html>.
